SAVING AND EXPORTING PDF FILES

Adobe Photoshop and Microsoft Word

- 1 Choose File > Save As
- 2 From the Save As dialog box in the Format drop-down menu select PDF format
- 3 Select the PDF preset you require from the drop-down Adobe PDF preset:
- 4 Press Save

Which Adobe PDF setting should I choose?

Professional Press Quality

- 1 You will need a High Resolution PDF for professional printing. Set the PDF format to PDF/X1a:2001 Check first with your print shop, as they may have specific PDF settings to integrate with their printing systems.

Online and Email

- 2 For online viewing and email you may need to optimise the file for smaller file size. To compress the pdf to its smallest size use the Smallest File Size setting.

How to make Photoshop PDF pages into multi-page PDF

To make a multi-page PDF you can use Adobe Acrobat, for instructions see the link below
